To European Land and Soil Alliance (ELSA)

Dear ladies and gentlemen!

We were introduced to the aims of the European Land and Soil Alliance, which we share as well in Nufaru municipality in the Danube Delta of Romania. With regard to activities we would like to learn from others. We would like to start our own activities and to adapt experiences from abroad to our particular soil environment.

Please inform us how it would be possible to join the ELSA as a Romanian member.

Sincerely,

(Gavrila Tincu, Mayor, Nufaru municipality)
